

PROJECT IDEALIST

ANSWERS FOR SMES
FUTURE CHALLENGES

“ **Weaving Innovation into Resilience** ”
bringing 3 Ecosystems together

Energy Intensive Industries

niche and
complex essential
services provider

Aerospace & Defence

forefront of the
green transition

Mobility, Transport & Automotive

global leader amid
transitions

IDEALIST represents a strategic initiative aimed at bolstering resilience and technological adaptability of SMEs within the EU.

IDEALIST's primary goal is to empower Small and Medium-sized Enterprises (SMEs) in three key industrial sectors: Energy-intensive industries, Aerospace and Defence, and Mobility, Transport & Automotive. These sectors are crucial to the European economy and face shared challenges, such as transitioning to sustainable practices, competitiveness in a context of limited raw materials and rising energy costs, and adapting to changing consumer habits.

14 PARTNERS FOR 1 MISSION

Funded by
the European Union

ABOUT US

The IDEALIST consortium brings together 14 partners from 7 countries, including innovation clusters, a knowledge community, a foresight specialist, and a tech center. United by the mission to foster industrial ecosystems, we aim to enhance SMEs' innovation, support Ukraine's reconstruction, and strengthen EU integration.

TECHNOLOGY UPTAKE

The Technology Uptake pillar will connect SMEs with potential suppliers of cutting-edge technologies across Europe, fostering innovation and technological advancement through Hack & Match events.

STRATEGIC FORESIGHT

Through Strategic Foresight, the project will provide SMEs with a clear perspective on future threats and unseen opportunities, enhancing their understanding of operational changes and strategic decision-making impacts.

SUPPLY CHAIN DISRUPTIONS

Addressing Supply Chain Disruptions will enable SMEs to identify critical dependencies and reduce the impacts of value chain interruptions.
